Title:
Ke'ahamoe

Artist Statement
Ke'ahamoe was poured with ocean water from the waves that the Shangri La dining room overlooks. This water was lovingly gathered by my dear friends and wa'a sisters, Darienne and Pam, and this piece would not have come to be without their constant support and friendship. Ke'ahamoe honors these two kind and courageous seafarers, the canoes that brought us together, and all of the brilliant things in this world that can only be achieved through community, connection, and compassion.
